WHO WE ARE

At Nima, we believe shopping should feel confident, not uncertain.

We help people make better decisions by allowing them to see, not guess.
Nima is an AI-powered shopping companion that combines conversational discovery with visual try-on, helping users understand how products, especially clothing, will look before they decide.

We're redefining how people choose, replacing doubt with clarity through intelligent, visual-first technology.

PERSONA AND PERSONALITY

We are intelligent, refined, and approachable. Nima feels like a trusted personal shopper — calm, knowledgeable, and attentive. We guide users with confidence, combining advanced technology with warmth and clarity.

TONE OF VOICE

We communicate with clarity and confidence. Our voice is polished yet conversational, friendly but authoritative. Nima reassures, guides, and informs, helping users feel confident in every decision.
